OUTDOOR EDUCATION

OUR FACILITIES

Camp Akita

is the premier complex in the Hocking Hills for schools, teams, corporations, conferences and retreats. The camp can accommodate nearly 150 guests year-round by using all of our winterized cabins in addition to The Lodge.

Contact the Camp Akita Facilities Director, Danita Wolfe: 740-385-3827 ext 222 or danital@campakita.org

The Lodge

- With accommodations for 100 people, The Lodge is divided into four semi-private sleeping areas
- Each sleeping area includes six rooms with four beds each, furnished lounge area, kitchenette and bathroom facilities
- The main room provides meeting space for 150 and features a large fireplace, access to the lake-view deck and a small kitchenette
- Break-out meeting spaces and lounges accommodate a variety of group sizes and arrangements
- The fully-furnished Akita Café, Akita Store and infirmary are housed in the lower level with access to the hillside patio and a view of the lake
- A stunning entry hall, the lake-view deck and the hillside patio connect guests with the beauty and simplicity of Akita's unique setting
- The Lodge is air-conditioned and offers audio/visual support services and wireless internet

The Dining Hall

- Accommodates up to 230 guests
- Delicious family-style food
- Meeting rooms in the lower level provide space for a variety of activities
- Air-conditioning and audio support

Cabin Rentals

- Dogwood - Offers the most beds and the closest proximity to the main camp.
- Sky Valley - Offers guests scenic views of the natural surroundings.
- Cabin in the Glen - Accented by rough-hewn log walls and has the look and feel of an old-fashioned cabin.
- Bent Nail - The perfect cabin for a couple to get away from everyday stresses.
- Toad Hall - Recently renovated, sleeps up to six people.

TEAM

BUILDING

Team Building

Developing strong working relationships, a sense of community, and having fun at work, are just a few of the results of our amazing team building programs.

Participants in our program will:

- appreciate their personal strengths and weaknesses
- respect and value differences within a group
- be involved in the resolution of conflicts
- trust in themselves and in others
- develop leadership skills
- acquire and practice essential life skills

Alpine Tower

The Climbing Tower provides participants with the opportunity to become part of a group working together to master individual challenges. Wrap up your experience with a ride on our Giant Swing.

REACH Course

Lessons learned include the value of team effort, sensitivity to other's weaknesses, an appreciation of other's strengths and the development of good listening skills.

Wilderness Survival

Covers all areas of wilderness survival including the 5 most critical skills: constructing emergency shelters, fire making techniques, finding food and water, signaling and navigation.

Adventure Race

Competitive and fun, this program uses the team concept to complete objectives for time and points.

OUTDOOR

EDUCATION

Outdoor Education: *Learn in a Natural, Beautiful Setting*

We believe that hands-on experience is a student's best teacher. Our outdoor educational curriculum is designed to introduce participants to a variety of topics and provide a considerable range of adventures.

Goals:

1. Help students develop their knowledge and skills in ways that add value to their learning in the classroom.
2. Empower children to be responsible citizens in their handling of natural resources.
3. Develop interpersonal relationships by encouraging communication, group cohesion, and teamwork.

Jack McCoy and Jamie Miller have designed and help lead Camp Akita's team-building activities. Andy Frick is Camp Akita Programming Director.

Jack McCoy entered the fire service following a 22-year career serving in support of domestic and international security interests. He has lived in Central America,

Africa, Southeast Asia and the Middle East. He worked at Marysville and Allen Township Fire Departments in Union County and joined Washington Township Fire in Dublin, Ohio. He is currently a Fire Science Coordinator at Columbus State Community College.

Jamie Miller joined the Army after high school and served as a paratrooper with the 82nd Airborne Division. He had tours in

Vietnam and Korea. Jamie attended The Ohio State University as an X-ray Technologist and became a firefighter/ EMT in 1991. He worked for both Perry Township and Washington Township Fire Departments in Dublin. Jamie enjoys teaching vertical rope rescue skills to firefighters and emergency services personnel at Columbus State Community College.

Andy Frick was born in Columbus and spent many days exploring the outdoors. In college he served three years on staff at Akita. Andy graduated from the

University of Tennessee with a Bachelor of Science in Botany. In 2001, he enlisted in the US Marine Corps and has since become a commissioned officer. Andy currently serves in the reserves. He is also a graduate of the US Park Ranger Academy and is a volunteer naturalist for the Metro Park system.

If you don't see a program listed that fits what you are looking for or you have a program idea that you would like to use, please contact us.

We are flexible and will work with you to create the best possible programming to ensure you have a great experience at Camp Akita.
